*Join us in building a temple of universal love!*

To propagate the sacred path of Nama Kirtan as a sure means of inner transformation, and through it, the flowering of universal love and peace, Namadwaars have been established across the globe as dedicated centres for Mahamantra chanting, with Sri Radha and Sri Krishna as the presiding Deities. The very name Namadwaar means a “doorway to Nama” - a divine portal that draws the seeker into the shelter of the Holy Name and enables akhanda Mahamantra chanting. Alongside these spiritual offerings, Namadwaars also nurture their local communities by organizing social, cultural, and devotional gatherings, thereby spreading harmony, devotion, and noble values wherever they are established.
